Mastines is a wine that aims to bring the Garnacha Tintorera to its limits and demonstrate its great potential for a long ageing, resulting in an elegant wine that maintains the fineness while it remains one-of-a-kind.

It is made only with the best Garnacha Tintorera from each plot, making a double selection process in the vineyard as well as in the winery. This exclusive proceeding allow us to have no more than 4000-5000 liters of this wine, only in exceptional years for this variety.
